

CANCELLED

A-CLASS CATAMARAN EUROPEAN CHAMPIONSHIP - PUERTO SHERRY CADIZ-SPAIN From 3rd to 10th July 2021

Dear sailors

These are difficult times, due to some restrictions to travel to Spain and constant changes that have generated a climate of uncertainty that does not guarantee a minimum of participation and a fair regatta in this European Championship, from the Organization of the *A-Class Catamaran European Championship*, we regret to communicate the **CANCELLATION** of this competition. Sincerely, it has been a very difficult decision to make and finally all the members of the organization have agreed that it is the best option.

There are many countries that include Spain in their list of destinations to which travel is not recommended, this coupled with health protocols that require negative tests and even to keep quarantine once you return to the country of origin, have contributed to the low participation rate and the guaranteed absence of great sailors from different countries.

We apologize for any inconvenience this cancellation may have caused. We hope, in the not too distant future, we will be able to hold an international Class A regatta that guarantees a high and diverse participation in the Bay of Cadiz.

From Puerto Sherry, destination selected by many international teams, we will continue our efforts to keep our facilities and services available for everyone who wants to visit us.

I wish you fair winds,

Rafael Martín-Prat de Abreu
